## Roles and Responsibilities

Job Title: General Superintendent

Department: Field

Location: DFW

Role Type: Full Time

**Job Summary:** The General Superintendent is responsible for overseeing the successful installation of glazing systems, ensuring projects are executed to the highest standard. With 10+ years of experience in the field, the General Superintendent leads, guides, and manages multiple glazing teams. Bilingual capabilities in both English and Spanish are highly desirable. Live out our “PVC” everyday all the time.

Key Responsibilities:

1. Project Oversight
  - a. Supervise and direct all on-site activities, Such as design, project specs, and Safety regulations.
  - b. Coordinate with PM's and clients to meet project deadlines and budget.
2. Team Leadership
  - a. Lead, train and mentor glazing teams to enhance performance and quality workmanship.
  - b. Evaluate team performance, provide feedback, and implement strategies for continuous improvement.
  - c. Believe in the “PVC”
3. Safety
  - a. Conduct regular safety meetings.
  - b. Promote and enforce safety guidelines, ensuring that safety equipment is used and protocols are followed.
4. Reporting and Documentation
  - a. Provide a Daily report to upper management.
  - b. Provide regular updates, including budget adherence, and any challenges encountered.

Our Vision is to use facades as our vehicle to radically change the lives of the people in our company, industry, and community.
